Creation Corner

The care that we give to God's creation is a year round job that can sometimes feel overwhelming in the vast need we see. Every little thing that we do, however, does have an effect for good.

This is the place that I am asking you to share the little steps that you take to care for the earth. Hopefully, someone else will see something here and recognize it as a step they could also take. In that way the pebble tossed into the pond makes ripples that move far beyond the point of original impact.

Please email me with the ways you care for creation so that I can share them here each month.

Sunflower Is Latest Endangered Species Act Success

The Fish and Wildlife Service just [changed the protected status](#) of beach layia — a small sunflower that grows only in California's coastal dunes — from endangered to threatened because of reduced threats from offroad vehicles, [grazing](#) and development.

"The lovely beach layia has benefited immensely from protection under the Endangered Species Act and is heading toward recovery," said the Center's Jeff Miller. "Its gorgeous white, yellow and purple flowers are now adorning more than 600 acres of our dunes."

Circle of Page

St. David's provides the all of the utilities and facilities out of which the Circle of Page operates the "Healthy Meals" Soup Kitchen, the "Come to the Banquet" food pantry, and the Financial Help desk, as well as the Salvation Army financial assistance program.

While food distribution happens at specific hours each week, volunteers are also needed at many different times during the week: to pick up food from Safeway and Wal-Mart; to prepare for distributions; for cooking and distribution at the Soup Kitchen. Volunteers provide in excess of 450 hours of service each month.

FLOURISH BAKERY

Our mission is building better people through the opportunity to begin again.

May 25th

Today, we are sharing that Flourish will no longer exist in its current form as of May 31. Our storefront is now closed.

Flourish was fortunate to experience exponential growth as an organization, but we recently experienced a significant loss of funding which caused us to review our sustainability. Based on increasing program and operational costs and a review of other sustaining factors, we determined that closure was the most responsible choice to make at this juncture.

Even during this challenging time, we want to express our gratitude to you for supporting Flourish over the past 5 years. Thanks to your help, we developed an innovative program to address the challenges people face in recovery from substance use disorder and reintegrating their lives post-incarceration. We gave many people the opportunity to begin again, and we are grateful for the opportunity to support them on the journey of life transformation.
